AVI is a 501 c 3 agency which provides vision rehabilitation services at no cost to its clients. "While medical insurance and vision care plans may cover eye examinations, eyeglasses or contact lenses, they do not provide coverage for Vision Therapy/Rehabilitation treatments," explained Executive Director Beth Bate-DuBoff. "Yet, in many cases, Vision Therapy/Rehabilitation is the only option available to help our clients regain function and maximize their usable vision to develop skills and strategies to remain safe, independent and active at any stage of life, as well as adjust emotionally to the impact of vision loss."
