

# Employment Focused Program

The *Employment Focused Program* assists justice-involved, adult-individuals throughout the process of obtaining employment. This program equips participants with the skills to navigate the job market, discover their interests, and understand their rights as a person with prior convictions.

For you, the *Employment Focused Program*:

- ◆ Allows for your business to function at its highest potential with the least amount of turnover.
- ◆ Provides a Workforce Development Specialist who functions as a liaison between the employer and the employee; providing continued training for both parties if requested, human resource guidance, and hiring support at no cost, with no contract, and no pushy-sales.
- ◆ Creates opportunities for businesses to gain access to the entirety of the available candidate pool, access incentives and safeguards, and work with the most desirable candidates within the workforce.

Employees in the program receive job readiness training, career guidance, vocational/educational guidance, and career support to individuals once they obtain employment.
